A. G. thro' the F.D. Dept

Home department

BUILDINGS - Police - South Kanara district Mangalore - Armed Reserve lines - Drains - Repairs - Estimate.

From the I.G. of Police, Rc.No.781/HB/48, dated 22-9-1948.

In May 1947, the General Manager South Indian Railway complained of the nuisance caused to the railway colony at Mangalore by its being rendered insanitary by the sullage water from the local Government Hospital and Police lines and requested that necessary action might be taken in the matter. The I.G. of Police who was consulted in the matter, promised to carry out the necessary repairs to the sump and the existing drains in the Armed Reserve lines. The General Manager was informed accordingly. Again in July last the General Manager stated that the nuisance complained of still existed and he requested the Govt. to ask the concerned Dept. to take early action in the matter. The I.G. of Police who was consulted reported that an estimate for improvements to the drains in the Armed Reserve ~~lines was submitted to him by the~~ D.S.P., ~~that it was returned for further particulars and~~ that the necessary repairs would be carried out on receipt of the estimate.

2 The I.G. of Police has now submitted two plans and an estimate amounting to Rs. 2,000/- for repairs to the drains in the Armed Reserve lines at Mangalore in the South Kanara district. The nature of the work is explained in the report accompanying the estimate which is at pp-3-4 c.f. The work involves the use of iron materials which are reported to be available locally.

3 H.Pr. has ~~recently~~ ruled that all building schemes should be deferred unless they are immediately essential. But as the present proposal is ~~etc~~ to carry out repairs to the drains ~~it does not seem that the H.Pr's ruling will apply to this~~ which are causing nuisance it may be regarded as immediately essential. In the circumstances explained in para 1 above it is for orders whether this Dept. may accept the I.G's proposal.
